MEMORANDUM

TO: Physician Requesting Supervising Physician Privileges

FROM: Judy Donato, Physician Assistant Coordinator

RE: Application to Supervise a Physician Assistant

Attached is an initial application to supervise a physician assistant in the Commonwealth of Kentucky as well as a supplemental application to supervise a physician assistant. The supplemental application is required to request additional scope of medical services and procedures not acquired through an approved physician assistant training program.

Please note that only completed applications will be considered by the Kentucky Board of Medical Licensure's Physician Assistant Advisory Committee. Incomplete applications will be returned to the applicant. If a question does not apply to you **do not leave the field blank, please specify N/A**. The fee for approval to supervise a physician assistant is \$100.00.

The Committee meets quarterly to review applications and make recommendations to the Kentucky Board of Medical Licensure for final approval. Should you wish to begin employing the physician assistant prior to the Board meeting, there are provisions for temporary licensure for supervising the new physician assistant applicant and, tentative approval for supervising the licensed physician assistant. Please note that temporary licensure or tentative approval must be granted prior to the physician assistant providing services under your supervision. The review process for approval takes approximately two to three weeks. The deadline for consideration of an application for the Physician Assistant Advisory Committee is listed below:

<u>Deadline Dates</u>	<u>Committee Dates</u>	<u>Board Meeting Dates</u>
January 9, 2009	February 5, 2009	March 19, 2009
April 10, 2009	May 7, 2009	June 18, 2009
July 9, 2009	August 6, 2009	September 17, 2009
October 8, 2009	November 5, 2009	December 17, 2009

Should you have any questions regarding the above, please contact me at (502) 429-7150.

Definitions of Levels of Supervision

It is necessary to indicate on the application the level(s) by which you will be supervising a physician assistant.

Direct Supervision: This means the supervising physician is actually in sight of the physician assistant when the physician assistant is performing the function requiring direct supervision. Although the physician may be performing some other task at the time, the supervising physician may immediately provide direction or assume the performance of the task if difficulties arise. This does not require that the physician is watching “over the shoulder” of the physician assistant as would be required during the training period to ensure that the physician assistant is competent to perform the task.

On-site supervision: Requires the physical presence of the supervising physician in the same location (i.e. the physician’s office suite) as the physician assistant, but does not require the physical presence in the same room.

Off-site supervision: The supervising physician must be continuously available for direct communication with the physician assistant and must be in a location that, under normal conditions, is not more than 30 minutes travel time from the physician assistant’s location.

New graduates please refer to KRS 311.860.
